In yellow fever times every man who remains here is expected to do his duty, and not for any pay or reward.

-The bottom has fallen out of the yellow fever epidemic, and the pickets, colonels, quartermasters, medical inspectors, and all others who are under pay in yellow-fever times will have to retire. -But few cases of yellow-fever were re-

ported to the Howards yesterday. One white person was reported and furnished with a nurse, Miss Mattie Wood, aged sixteen years, residing near Germantown. -Open your doors and windows and let

the cool air circulate throughout your house, and thereby disinfect it in a natural and perfect manner. Sulphur fumigation is a humbug from a scientific standpoint.

-Whenever you see a medical member of the State board of health in Memphis, ask him about Rule No. 6, which so exposed the lack of scientific and sanitary knowledge of

every man of that famous board. —We have received the first number of the Mason (Fenn) Week'y Call, a nearly printed and well edited paper, recently established by Messrs. Maclin & Hamner. The latter gentleman is well known in Memphis print-ing circles. We wish the Call success. -The yellow-fever brokers and money makers will soon be placed on the retired list. They lived in clover off of the misfor-

tunes of the sick people, and sought to draw pay in a half dozen different ways. They were money changers in the temples of sorrow and suffering, and have been the curse

of Memphis during the late epidemic. -Every man in Memphis should be judged according to his "racket," no matter whether or not he belongs to a relief society or is a private citizen. When you discover his "racket," you then have the length, breadth and depth of the man, and in this diagnosis the newspaper reporters are experts.

Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases, caused by derangement of the stomach, liver, and bowels, which require prompt and effectual treatment. Ayea's Pills are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel, or any injurious properties, and can be administered to children with perfect safety.

AYER's PHAS are an effectual cure for AYER'S Phils are an effectual cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Biliousness, Jaundice, Rhenmatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gripes, Diarrhœa, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered

other diseases resulting from a disordere state of the digestive apparatus. As a Dinner Pill they have no equal. While gentle in their action, these PILLS are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimuthen then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.

It is almost needless to say that this preparation, for an effectual and certain cure for, Dysentery, Acute and Chronic Diarrhoea, Flux, and all kindred diseases, far excels any other known remedy. It not only cures the disease, but strengthens the intestinal organs and invigorates the entire system. We do not claim it to cure every thing, but we guarantee it to cure the diseases we name above. For children it has no equal, being both mild and safe in its effects; and for females it is the best strengthener and appetizer known.
